Scott,
I did not receive a final draft letter and declaration statement for review.

Dan

Dan and Kevin,

Further to my letter of July 11, 2001, please review the final draft application, and if the final draft application is fully satisfactory, please read and then execute the Declaration and the Assignment and return the executed documents to me for filing. If you should have any questions or comments, please contact me at your earliest convenience. Once I receive the executed documents, I will file the application.

Thank you for your assistance.

Scott Hatfield
